TNF's objective is to help promote educational, social and other charitable projects in Tamil Nadu as part of a humble attempt by its members to share their fortunes with less fortunate people.

Its aim and objectives are distinctly different from those of the local cultural organizations. In fact TNF is the only organization in the world that is entirely devoted to the promotion of economic, and social welfare of the people of Tamil Nadu.

What was started as a small attempt by a few individuals to offer their contributions to Tamil Nadu has evolved into a well-developed foundation through the dedication of several members throughout USA.
