Record flooding has displaced over 3 million people across South India. Thousands have lost their homes and are in need of both immediate supplies and long-term reconstruction. TNF's strategy:

**Rescue**  
Food, water,  
batteries, kerosene

**Relief**  
Medicine, health camps,  
sanitation kits

**Rehabilitation**  
Buildings, crops,  
schools, shelters

Since 1974, Tamil Nadu Foundation has implemented over 600 humanitarian projects. Due to TNF's unique structure, 100% of your donations go straight to people in need.
